Safeguarding

“Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families has a role to play.”

Keeping Children Safe in Education DfE 2022

If you have any concerns about the health and safety of a child at this educational setting or feel that something may be troubling them, you should share this information with an appropriate member of staff straight away.

Some issues, for example, a child's appearance, hygiene, general behaviour can be shared with any teacher or member of support staff in this setting. Do not worry that you may be reporting small matters- we would rather that you tell us things which turn out to be small than miss a worrying situation.

However, if you think the matter is serious and may be related to a child protection concern, where the child has been harmed or is at risk of harm, for example, physical, sexual, emotional abuse, neglect, domestic violence or radicalisation you must talk to one of the safeguarding team. Ask any member of staff to find them and ask them to speak to you straight away about a confidential and urgent matter.

Our telephone number is: 01606 663630

Any allegation or disclosure involving someone who works with children in a paid or voluntary capacity must be reported directly to the Head teacher or Deputy Head teacher, unless it involves them and then it should be reported directly to the Chair of Governors Mrs Elaine Morrissey.
