WOW!

One day a man called Jesus he appeared his disciples for forty days. But then one day they were walking along the middle of a hill. Until they ask where are we going and Jesus said I am the way the truth and the life. They came to the top of the hill the hill was called the mount of olives. Then Jesus said a cloud came. He started to get picked up by a cloud and says I will always be with you no matter where I am I will always be with you and with those he dispersed. With them they looked over the hills.
